BOSTON COMMISSION

MEN ARE ALARMED

Reports Have Reached the Big Wool Merchants that Oregon Wool is Being Contracted for at 20 Cents—J. H. Gwinn Assures Them that Very Little, if Any Oregon Wool Has Been Contracted—Idaho Clip and Part of the Utah Clip is Contracted.

Reports have reached Boston from Oregon that the Eastern Oregon and Idaho wool clip for 1905 is being contracted at as high as 20 cents per pound.

Alarmed at these reports, the Boston commission houses that have been buying Umatilla county wool every year for the last quarter of a century, have written to James H. Gwinn, secretary of the Oregon Woolgrowers' association, to ascertain if there is any truth in the reports.

Mr. Gwinn has replied that the reports are exaggerated; that very little, if any, Oregon wool is yet contracted, and what has been sold has been sold on the quiet, and no one except the buyer and individual seller know the prices. He also advised the commission houses to use their influence in sustaining the markets of Eastern Oregon, and prevent an early stampede of contracting, to demoralize the spring markets.

Mr. Gwinn has received no report of any wool having been contracted in Umatilla county, and believes that the woolgrowers will observe the wool pool and sales days as usual. Idaho wool has been sold and Utah wool is also contracted, but Oregon, he hopes, will not break over and demoralize the Woolgrowers' Association and the sales days that have proved to be of such vital importance in stimulating prices of Oregon wool for the past two years.
